

Hudson Structured Capital Management Ltd. Welcomes Katherine Park as Head of Capital Formation and Investor Relations

JUNE 24, 2024 – **STAMFORD, CONNECTICUT** – Hudson Structured Capital Management Ltd. (“HSCM” or the “Firm” doing its re/insurance business as HSCM Bermuda) is pleased to announce the appointment of Katherine Park as the Head of Capital Formation and Investor Relations, effective June 3, 2024.

Kathy brings a wealth of capital markets and investor relations expertise to the HSCM team with more than 20 years of debt and equity advisory experience, working with alternative investment managers and public and private companies ranging from early-stage to complex global institutions.

Prior to joining HSCM, Kathy served as the Head of Business Development at several early-stage investment firms, demonstrating her adeptness at fostering strategic partnerships and driving growth. Previously, at Goldman Sachs, Kathy launched and led the U.S. fund and private capital raising businesses for the firm’s investment banking and securities divisions.

Beyond her tenure at Goldman Sachs, Kathy’s diverse professional background includes strategy consulting with Bain & Company and brand management at L’Oreal. Kathy is an alumna of Harvard College and Harvard Business School.

"We are thrilled to welcome Kathy to the HSCM family," said Michael Millette, Co-Founder and CEO of HSCM. "Her proven track record of leadership and her deep understanding of capital markets will be invaluable as we continue to drive growth and deliver value to our investors."

Kathy Park's appointment reinforces HSCM's commitment to excellence and innovation in the alternative investment space. We look forward to leveraging her expertise to further strengthen our capital formation and investor relations efforts.

About HSCM

Hudson Structured Capital Management Ltd. is an asset manager focused on alternative investments seeking mezzanine level returns. HSCM invests across the Re/Insurance and Transportation sectors. The Firm launched in 2016 and focuses on core economic sectors that are likely to outgrow global GDP, offer low correlations with broader markets, and are experiencing a shift from balance sheet and to market financing.
